ABOUT OUR SCHOOL

Well-renowned Southern California Dentist, Dr Kelly Smudde, saw an opportunity for her personal Dental Practice to serve not only as a place for her patients to be treated, but as a space for continued education and learning.

Understanding the day in and day out needs of a practicing Dentist, Dr. Kelly created the school's curriculum with the ideal Dental Assistant in mind. With the perfect combination of on site learning, small class sizes, experienced educators and an accelerated program, the Santa Clarita School of Dental Assisting was born.
